

Outdoor LED Flood Light

The Ata Touch Outdoor LED Flood Light is a high quality, IP65 rated fitting designed to light up your outdoor life.

Overview

The Ata Touch extra low voltage (24VDC) outdoor flood lights are safe and robust with a toughened lens for enhanced safety and a coated pressure die-cast housing for excellent corrosion-resistance.

The flood lights use high powered LEDs and are highly efficient with power savings of up to 70% compared with sodium lamps. These flood lights are designed to have a working life of 25,000 hours and are mercury-free with no flicker and no UV.
